IV. Writing.

A Memorable day

What is Memorable day for you? For me, the memorable day is the special times when you feel so happy, when you really wanted to be there again. Memorable day is when you play with your friends or spent your holiday with them. What is your memorable day?

My special memorable day is, when I go went to the respubliсal camp a one year ago. These days was so cool for me. Because every day in camp is so interesting and special. For example; party every day, holidays, eating and talking with friends. I remember when I was came to camp, I felt so bad because of the climate. Because camp stay in Balkhash city, there was so hot. But I'm from South Kazakhstan, and it's cold there. But after 3 days, I understand that my holidays will be so interesting and funny. The main think in camp - communication with your team. I so loved my team, because they is so comfortable for me. My very memorable and special day in camp is, when the camp's children choose me to be president of camp. If really I was so shocked, but from one side I was so happy at that moment. After voiting time, was night party. I remember, when we danced in the middle with my team, and every member of team congratulated me for winning. I'm so missing that days, I just want to come back that feelings at camp. It was my unforgettable day in my life. That day was so special and so warm to heart. The 5th day at Balkhash respubliсal camp was is my memorable day!
